

November 7, 2018

Dear MISD Community:

To keep you informed, at around 5:30 p.m. today, the Midlothian PD contacted district administrators regarding a tip they received about a person who may cause self harm at the district's administration building. Due to this tip, district administrators who were working after hours were evacuated from the building as a precaution. After further investigation, the Midlothian PD deemed this tip as a prank.

Because we value honest and transparent communication, we wanted to share this information to eliminate any rumors. If you have further questions, please contact our communications department by emailing Karen Permetti at Karen_Permetti@misd.gs.
