

MIDLOTHIAN ISD IMMUNIZATION CLINIC

SATURDAY, MAY 18TH

9AM - 1PM

MIDLOTHIAN HERITAGE HIGH SCHOOL

MISD is offering an immunization clinic to all students on Saturday, May 18th from 9am-1pm at Midlothian Heritage High School located off of FM 1387 and Walnut Grove Road. Please enter the building on the west side at the main student entrance. You will be directed to the cafeteria where Aurora Concepts will offer free or reduced vaccines.

Please bring your child's shot record and/or the letter from your child's school indicating what vaccines are needed.

This clinic will be extremely helpful for those entering kindergarten and 7th grade for the 2019-2020 school year. Please see

<https://www.dshs.texas.gov/immunize/school/school-requirements.aspx> for all immunization requirements. All current 6th graders will need a dose of Tdap and Meningococcal before beginning 7th grade. Several of our campus nurses will be present to photocopy these records and pass on to the correct campus for updating.

Along with the shot record or letter, please bring your drivers license and insurance card. Aurora Concepts will verify benefits onsite and/or determine those who might qualify for reduced immunizations. Those without insurance will pay \$5 per vaccine. For more information call 936-598-3296 or dbarnes@auroraconcepts.net.
